To Prospective Customers of Rugged Roofing

Chad and Dan approached me following the hail storm of March 25, 2015. I hadn't heard of them or their company, Rugged Roofing. They inspected my roofs, showed me the damage and explained what it meant and walked me through the insurance process.

They met with my adjuster (on a Saturday) and they were able to get my adjuster to pay for new roofs on both of my buildings. They followed through on everything they said they would do and they kept me posted throughout. My new roofs look great and are far more energy efficient than what I previously had.

I wouldn't hesitate to recommend Chad, Dan and Rugged Roofing to anyone and everyone. They did an outstanding job.

Sincerely,

A handwritten signature in black ink that reads 'Brad Watson'. The signature is written in a cursive, slightly slanted style.
