---

To Whom It May Concern,

In the Fall of 2015, I had the pleasure of working with Rugged Roofing and Construction, LLC. When Brennan Nowlin first showed up at my office, I knew that I had a damaged roof with leaks. However, given the high cost of roof repairs/replacements these days, my roof had been placed on the back burner. After Brennan completed his complementary inspection of my property, he informed me that he had found a significant amount of storm damage caused by a storm in May of 2015.

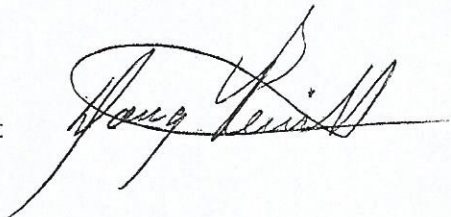

Brennan then explained that, because there was new damage to my roof, I would be eligible for a roof replacement paid for entirely by insurance (despite the fact that I had a very old roof). Rugged Roofing took all of the headache out of dealing with insurance by having Brennan serve as my advocate for the entirety of the insurance claim. Their expertise was invaluable throughout this process.

It is rare to find a company who can deliver on all of the promises they make when trying to earn your business. I was very pleased to see that Brennan Nowlin and Rugged Roofing did just that. Furthermore, if there was ever an issue or concern, it was always promptly addressed. These are the kind of guys to whom a handshake still means something, which is refreshing to see. I will certainly be using them in the future should the need ever arise, and I would personally recommend Brennan Nowlin and Rugged Roofing to any fellow business owners in need of roofing services.

Thank you Brennan Nowlin and Rugged Roofing!

Sincerely,

Doug Pewitt
