Oklahoma City OK 73112

To Whom it May Concern:

Last year Leo Mendus, with Rugged Roofing, stopped by and said, "We have replaced several roofs in this area and I bet you need one too." I explained to him that I had tried several times to negotiate a new roof with my insurance company to no avail. He said, "Let me handle it." After he inspected my roof and found hail damage, he met with my insurance agent and their adjuster. To my surprise Leo negotiated a new roof. The work and roof that Rugged Roofing supplied is first class and definitely increased the value of my building.

I highly recommend Leo Mendus and Rugged Roofing!

Sincerely,
